Project Brief

AG provided **Employers Agent** services for the redevelopment of this former car park site within central London. The site itself is located in a busy built up residential area with limited access. The project was a 5 storey – 10 No **new build** apartment block.

Working alongside the Principal Contractor; Barnes Webster & Sons Ltd, AG successfully delivered this 10 No. unit residential scheme which included:

- + A green roof
- + Triple glazing
- + Modern heating & hot water systems
- + Photovoltaic roof panels
- + Heat recovery units
- + LED lighting
- + Cycle storage
- + Permeable paving
